Dear Pastor or Christian leader,

A member of your local community is evaluating his or her preparedness to participate in the *Precept Leader Training* and eventually lead a Precept Upon Precept or In & Out Bible study discussion group.

The *PLT* is an intensive training program, which has been specifically designed to prepare people for biblical leadership, to adequately equip them to fulfill their role(s) in order for them to help others study God's Word on their own, start Precept-groups and seize upon opportunities to share the Gospel and/or make disciples.

The idea behind the *PLT* is our desire to identify potential leaders as well as equip and support existing leaders to develop a biblical worldview and utilize strategies to reach groups of individuals from various backgrounds with the Gospel – whether in the local church or through the local church – and engage them in step-by-step discipleship.

We at Precept believe that the character of Christians in any leadership position should be above reproach and have asked every potential leader to complete a self-evaluation. We also believe that each individual is spiritually under local church authority.

So, we ask the Christian leaders in the local community to assist us by commending to us those who are well spoken of by the brethren. Based on your knowledge of this potential Bible study leader's character and lifestyle, if you can recommend this individual for this leadership role, please indicate by your signature in the appropriate place on the evaluation.

If there is anything we can do or if you have any questions, please feel free to contact us either by eMail, letter, or phone. If a Bible study is to be conducted in your facilities, as it is in many churches around the world, we want to thank you for the opportunity to labor together establishing people in God's Word.

In His service,

Philipp Meinecke
